Acceleration allows students to potentially increase their ATAR and is not used as a way to reduce a course load in Year 12. All students are expected to complete 5 studies in their final year.

- All students who wish to continue acceleration in a study must complete this application
- Continued acceleration is determined by successful academic performance in the accelerated subject, as well as satisfactory academic performance in all other subjects.
- Continued acceleration is also determined by consistent demonstration of positive learning behaviours (Progress Reports).
- All student applications to continue to accelerate will be confirmed on or prior to Course Selection Day.
