

ESC 2020 AFL ACADEMY

DEVELOP

your

FUTURE

The program

At Emerald Secondary College, we aim to find students with a passion for AFL and use this passion to help develop them into elite footballers. Our structured program provides access to coaches, athletes and resources during school contact time to excel their learning of our great Australian game. The program focuses on providing a quality environment where young players can sequentially develop individually through skill development, games, professional strength and conditioning sessions, match rules and conditions fitting their stage of learning and ability.

It is our priority to enhance and support students as they progress through the stages of pathway development and talent pathways.

Aims:

- The Emerald Secondary College AFL Academy is aimed at providing an integrated academic pathway driven by young students sporting aspirations.
- This elite program allows young student athletes to enhance and develop their sporting talent while concurrently receiving their secondary education.
- It is crucial to the Academy that students' academic pursuits are of the highest priority and that each student's interest and aspiration in sport assists them in achieving high results both academically and athletically.
- Promote and enhance self-discipline, goal setting, time management and leadership through team participation and team experiences

Inclusions:

- Strength & conditioning, skills practice and match play, community links & structured curriculum learning
- Incursions and excursion opportunities
